

CURRICULUM VITAE

NGO Le Lam, M.D., Radiologist.

OFFICE

**RADIOLOGY CENTER,
VIETNAM NATIONAL CANCER HOSPITAL.
30 Cau Buou, Thanh Tri, Hanoi, Vietnam**

EMPLOYMENT HISTORY

| | |
|--|------------------|
| Interventional Radiologist, Cancer national hospital | 5/2019 - present |
| Radiologist, Bach Mai University National Hospital | 3/2008 – 5/2019 |
| Radiologist & founder, Dr. Lam Clinics on Early Cancer Detection (in Thai Nguyen province) | 6/2014 – 2016 |
| Radiology expert, Hung Vuong Hospital (in Phu Tho province) | 9/2014 - present |

LICENSURE/CERTIFICATION

| | |
|--|--------|
| General Doctor (Hanoi, Vietnam) | 9/2003 |
| Internship of Radiology (Hanoi, Vietnam) | 2/2008 |
| Internship of Radiology (Nimes & Montpellier, France) | 2/2010 |

EDUCATION

| | | |
|--|---|-----------------|
| M.D. | Hanoi Medical University | 9/1997- 9/2003 |
| Master of Radiology (Intern Radiologist) | Viet Duc Surgery University Hospital and Hanoi Medical University | 9/2004 - 2/2008 |

POSTGRADUATE TRAINING

| Program | Field of training | Place | Time |
|--|-------------------------------|---|--|
| Fellowship | Interventional Radiology | Kantonsspital Winterthur | (4 months) 5-9/2017 |
| Upgrade training | Oncology (prostate cancer) | California, San Francisco, US | (1 week) 5/2014 |
| Fellowship | Interventional Radiology (IR) | Ajou University Hospital, Korea | (02 months) 10/2012-12/2012 |
| International exchange training | IR | Marseille, Stratbourg, France | (03 weeks) 7/2012 |
| International exchange training workshop | IR | Bach Mai Hospital – Vietnam & Radiology Imaging Associates – United State (Colorado), in Hanoi | (05 days) 10/2012 |
| International workshops | IR | CIRSE meeting in Munich, Germany <i>(Cardiovascular and Interventional Radiological Society of Europe)</i> | (05 days) 9/2011 |
| Rotations | Radiology | Lao Cai Provincial Hospital, Vietnam | (3 months) 3/2011- 6/2011 |
| Fellowship /Internship | Radiology | University Hospital of Nimes, France University Hospital of Montpellier, France | (15 months) 10/2008 - 9/2009 9/2009 - 2/2010 |

RADIOLOGY SKILLS

Interventional radiology Hepatobiliary, breast, thyroid cancer intervention (Guided by ultrasound, CT scanner, DSA): Biopsy, drainage, radiofrequency ablation, TACE (Lipiodol, DC Bead), radioembolization (Y90), percutaneous biliary stenting, TIPS, Portal embolization.
Others: Percutaneous nephrostomy, gastrotomy and angiography for diagnostic.

Radiology diagnosis MRI, CT, ultrasound, X ray, Mammography, particularly on cancer detection and diagnosis.

PRESENTATIONS

- **RFA in hepatic cancer management: Indication and techniques**, National Workshop on RFA in HCC management, 30-31 Jan 2013
- **Transjugular intrahepatic portosystemic shunt (TIPS)**, International Symposium on interventional Radiology, 1 - 4 October 2012, Bach Mai Hospital, Hanoi, Vietnam.
- **Radiofrequency Ablation (RFA) in hepatic cancer**, International Symposium on interventional Radiology, 1 - 4 October 2012, Bach Mai Hospital, Hanoi, Vietnam.
- **Transarterial chemoembolization in Hepatic cancer (TACE)**, National workshop on radiology, September 2012, Hanoi, Vietnam.

RESEARCH EXPERIENCE

1. QN. Nguyen, TD. Le, TV. Vu, TH. Mai, HS. Trinh, DH. Nguyen, TQ. Nguyen, **LL. Ngo** (2010). Transjugular Intrahepatic Portosystemic Shunt (TIPS): Indication, techniques, results of first five patients. Journal of Practical Medicine. Public online on 1st September 2010.
2. HS. Trinh, QN. Nguyen, VG. Bui, TD. Le, **LL. Ngo**, TQ. Nguyen (2009). Portal vein embolization to cause hepatic hypertrophy in pre-operation: the first case reported in Vietnam. Journal of Practical Medicine, Number 5, Vol. 662, page 65, 2009.

TEACHING EXPERIENCE

Bach Mai Medical
Secondary School

Lectures on images of abdominal diseases

Provincial Hospital of
Lao Cai

Technology transfer (drainage), lectures on ultrasound,
CT, MRI.

PROFESSIONAL AFFILIATIONS

Vietnam Association of Radiology
